## **ENVIRONMENTAL POLICY**

Fowlerex Technologies Pty. Ltd. designs, develops, manufactures, installs / erects, commissions and tests Air Pollution Control Equipment for industrial and process applications in Australia and overseas countries.

Fowlerex Technologies has a strong commitment to conducting all its business activities within a management system culture.

Fowlerex is committed to operating an environmentally responsible workplace at its own premises and all Client premises at which its employees work. To demonstrate this commitment Fowlerex has implemented and maintains an Environmental Management System to ISO 14001:2015 with Third Party Certification. Further we will ensure that our operations remain compliant to the nominated environment legislation.

All Fowlerex business activities and their impact on the Environmental Receptors will be identified and controlled through the Environmental Management Program. This plan is designed to control and measure performance on a regular basis to enable continual improvement and prevention of pollution.

The Environmental Management Program contains all the objectives and targets to ensure that all legal requirements are met.
